| 071679 | Sea Turtle Conservation Fund | National Fish and Wildlife Foundation | 05-Nov-2018 | Not Specified |
| Contact Name | Michelle Pico | | | |
| Contact Email | pico@nfwf.org | | | |
| Program URL | http://www.nfwf.org/seaturtles/Pages/home.aspx | | | |
| Deadline Dates | 05-Nov-2018 | | | |
| Synopsis | NFWF's Sea Turtles Program implements a multi-species business plan that guides conservation investments that will measurably improve the current recovery trajectory of seven sea turtle populations in the Western Hemisphere: leatherbacks, Kemp's ridleys, loggerheads and hawksbills in the Northwest Atlantic, and leatherbacks, loggerheads and hawksbills in the Eastern Pacific. This Request for Proposals will award up to \$500,000 in U.S. Fish and Wildlife Service funds. | | | |
| Eligibility | Eligible applicants include non-profit 501(c) organizations, state government agencies, local governments, municipal governments, Indian tribes, educational institutions, businesses, unincorporated individuals, international organizations. Ineligible applicants include U.S. Federal government agencies. | | | |
| Funding | This request for proposals will award up to \$500,000 in U.S. Fish and Wildlife Service Funds. The majority of awards under this program will fall in the range of \$50,000 to \$250,000; however upper or lower limits to award size are not specified. A minimum of a 1:1 non-Federal match of cash and/or in-kind services is required. Additional year funds are not guaranteed to be available in future years to supplement awards made as a result of this review. Selected projects may be required to submit data funded by this program to global databases and/or present their results through NFWF-sponsored forums. (mfr) | | | |
| 019953 | Louis Bonduelle Research Award | Bonduelle (Louis) Fondation | 07-Nov-2018 | 11,603 USD |
| Contact Name | | | | |
| Contact Email | fondationlouisbonduelle@bonduelle.com | | | |
| Program URL | http://www.fondation-louisbonduelle.org/en/louis-bonduelle-research-award/ | | | |
| Deadline Dates | 07-Nov-2018 | | | |
| Synopsis | The Louis Bonduelle Research Award is for a young researcher in the areas of nutrition and eating habits, for all scientific fields. | | | |
| Eligibility | The award is open to researchers under 35 years that are enrolled in higher education establishments or schools. | | | |
| Funding | The prize amount is €10,000. (jap) | | | |
| 001462 | Graduate Education for Minorities (GEM) Fellowship Program | Natl. Consortium for Grad. Degrees for Minorities in Eng. & Science, Inc. | 13-Nov-2018 | 16,000 USD |
| Contact Name | | | | |
| Contact Email | info@gemfellowship.org | | | |
| Program URL | http://www.gemfellowship.org/students/gem-fellowship-program/ | | | |

| | | | | |
|-----------------------|--|---------------------------------|--------------------|--------------------|
| Deadline Dates | 13-Nov-2018 | | | |
| Synopsis | The National Consortium for Graduate Degrees for Minorities in Engineering and Science, Inc. (GEM) fellowship programs offers MS and Ph.D. level students an outstanding opportunity and access to dozens of the top Engineering and Science firms and Universities in the nation. The GEM Fellowship was designed to focus on promoting opportunities for individuals to enter industry at the graduate level in areas such as research and development, product development, and other high level technical careers. GEM also offers exposure opportunities to a number of opportunities in academe. | | | |
| Eligibility | Applicant must be an engineering, physical science or natural science major and be from one of the following underrepresented minority groups: Native American, African American, Latino, Puerto Rican, or other Hispanic American. Applicants must be a U.S. citizen or U.S. permanent resident at time of application. Applicants must be admitted into a GEM Member University graduate program with confirmed department funding support before the GEM Fellowship is awarded. | | | |
| Funding | GEM MS Engineering Fellows receive: \$4,000 living stipend per full-time semester up to 4 semesters (\$8K per academic year – 3 quarters); up to two paid summer internships with a GEM Employer Member; full tuition and fees provided by a GEM University Member. Ph.D. Engineering/Science Fellows receive: \$16,000 stipend in the first academic year of the GEM Fellowship; GEM Member University provides a living stipend up to the 5th year of PhD program, equivalent to other funded doctorate students in the department; a minimum of one paid summer internship with a GEM Employer Member; full tuition and fees at a GEM University Member. (mfr) | | | |
| 021278 | Wildlife & Exotic Studies -- Fellowship Training Grants | Morris Animal Foundation | 14-Nov-2018 | 100,000 USD |
| Contact Name | | | | |
| Contact Email | grantapplications@morrisonanimalfoundation.org | | | |
| Program URL | https://www.morrisonanimalfoundation.org/sites/default/files/files/2018-04/award_types_and_descriptions_040618_D4.pdf | | | |
| Deadline Dates | 14-Nov-2018 | | | |
| Synopsis | Fellowship Training Grants provide salary support for training opportunities that will produce biomedical scientists (veterinarian and/or PhD) committed to a career in companion animal and/or wildlife research. Applicants are paired with a research mentor for this award. | | | |
| Eligibility | Applicants must have a DVM or PhD and be in a pre- or postdoctoral research program. The Fellow cannot have completed more than two (2) years of full-time postdoctoral research training on the proposed project. Applicant should provide a letter from his or her department chair or dean of research that documents the applicant's appointment as a full-time graduate student or postdoctoral research associate. Successful candidates should have completed the majority of coursework and be able to devote at least 75 percent of their time to the funded research. Applicants in a clinical residency or with clinical service requirements are not eligible. | | | |

| | | | | |
|-----------------------|--|-------------------------------|--------------------|-------------------|
| Funding | Fellowship training grant funding is limited to salary support only. A maximum of two years of salary up to \$50,000 per year (including benefits and indirect costs) is allowed. Tuition is not supported by this award. MAF allows up to 8 percent of the budget to be applied to indirect costs, if your institution charges for these costs. (msw) | | | |
| 030837 | Graduate Fellowship Grants - Richard H. G. Bonnycastle Graduate Fellowships | Ducks Unlimited Canada | 19-Nov-2018 | 39,149 USD |
| Contact Name | Stuart Slattery, Manager of Conservation Science and Planning | | | |
| Contact Email | iwwr@ducks.ca | | | |
| Program URL | http://iwwr.ducks.ca/fellowship/bonnycastle-fellowship-in-wetland-and-waterfowl-biology/ | | | |
| Deadline Dates | 19-Nov-2018 | | | |
| Synopsis | The purpose of the Bonnycastle Fellowship in Wetland and Waterfowl Biology is to assist in developing talented young professionals who are dedicated to furthering the conservation of wetlands and wildlife and to advance the scientific understanding of waterfowl and wetland biology. | | | |
| Eligibility | The competition is open to graduate students based at any North American university. Qualified applicants will be considered for either award based on a single application. Applications from doctoral candidates are preferred, but strong Masters candidates are also urged to apply. | | | |
| Funding | The award of up to \$17,000/year (Canadian funds) is available to provide personal or research support for successful applicants. The reward is renewable for up to two additional years for PhD students, once for Masters students, assuming annual approval of a satisfactory progress report and the need for continuing financial support. (mfr) | | | |
| 030834 | Graduate Fellowship Grants - Dr. Bruce D. J. Batt Fellowship in Waterfowl Conservation | Ducks Unlimited Canada | 19-Nov-2018 | 11,514 USD |
| Contact Name | Stuart Slattery, Manager of Conservation Science and Planning | | | |
| Contact Email | iwwr@ducks.ca | | | |
| Program URL | http://iwwr.ducks.ca/fellowships/applications/ | | | |
| Deadline Dates | 19-Nov-2018 | | | |
| Synopsis | The sponsor is seeking applications from qualified students for the Dr. Bruce D. J. Batt Fellowship in Waterfowl Conservation. One award of up to C\$5,000/year is available. | | | |
| Eligibility | The competition is open to graduate students based at any North American university. | | | |
| Funding | One award of up to \$5,000/year (Canadian funds) is available to provide personal or research support for the successful applicant. The award is renewable for up to two additional years for PhD students, once for students pursuing a M.Sc. degree, assuming annual approval of a satisfactory progress report and the need for continuing financial support. (mfr) | | | |

| | | | | |
|-----------------------|---|--|--------------------|----------------------|
| 042609 | Scholarship | Tennessee Vegetation Management Association | 01-Dec-2018 | 2,000 USD |
| Program URL | http://tvmaweb.com/scholarships/ | | | |
| Deadline Dates | 01-Dec-2018 | | | |
| Synopsis | Scholarship Objective TVMA is providing a scholarship that can assist a student pursuing a higher education in a field related to the green industry (Forestry, Agronomy, Horticulture, Range Science, Agriculture Science, Urban Forestry, Herbicide Technology, Plant Biology, or any other applicable Biological/Soil Science) or be the child or grandchild of a TVMA member (pursuing a degree in any field of study). | | | |
| Eligibility | At the time of application, the applicant must be enrolled in or accepted to an accredited college or university or be the child or grandchild of a current member of the Tennessee Vegetation Management Association in good standing. The applicant must be enrolled in the semester directly following the semester in which the scholarship was awarded. This scholarship is awarded without regard to race, color, national origin, age, sex, or handicap status. All applicants must be citizens of the United States of America. | | | |
| Funding | The scholarship recipient will be selected by a committee of TVMA members, appointed by the President, and will receive the following: A certificate commemorating the award; \$2000 cash scholarship; Invitation to attend the Annual Conference; A one-year paid student membership to the TVMA. (rjh) | | | |
| 071054 | Smithsonian Gardens Internship | Smithsonian Institution | 01-Dec-2018 | Not Specified |
| Contact Name | | | | |
| Contact Email | gardens@si.edu | | | |
| Program URL | http://gardens.si.edu/get-involved/internships.html | | | |
| Deadline Dates | 01-Dec-2018 , 01-Feb-2019 , 01-Jul-2019 | | | |
| Synopsis | The Smithsonian Gardens provides an exceptionally well-rounded array of experiences in its intern program thanks to the wide diversity of services it offers to the Smithsonian, the world's largest museum complex. Interns will learn skills in a broad range of horticultural endeavors from SI's expert professional staff and can provide a strong practical background to emerging professionals hoping to enter the public gardening world. | | | |
| Eligibility | Smithsonian Gardens accepts current and recently graduated undergraduate and graduate students studying horticulture, landscape architecture, museum studies, or other related fields. | | | |
| Funding | The duration is 10 to 16 weeks. A limited number of paid internships are available. Candidates must pay for their own travel, housing, and subsistence during the period of the internship. Steel-toe safety shoes are required for certain projects. The shoes must meet ANSI Safety Standard Z41.1. The Garden Club of America offers a stipend up to \$4,000 for a ten week internship with the Archives of American Gardens. (tld) | | | |

|-----------------------|---|---|--------------------|------------------|
| 064039 | Norman S. Baldwin Fishery Science Scholarship | International Association for Great Lakes Research | 01-Dec-2018 | 3,000 USD |
| Contact Name | | | | |
| Contact Email | scholarships@iaglr.org | | | |
| Program URL | http://iaglr.org/scholarships/baldwin-fishery-science-scholarship/baldwinapp/ | | | |
| Deadline Dates | 01-Dec-2018 | | | |
| Synopsis | The Norman S. Baldwin Fishery Science scholarship is intended to promote academic excellence by encouraging young scientists to undertake graduate research in fishery biology and to enter the field of Great Lakes science. | | | |
| Eligibility | Applicants must be master's or Ph.D. students at the time of application, whose proposed research topic is relevant to Great Lakes fishery research, and who have not previously received the award. | | | |
| Funding | Up to 2 scholarships of \$3,000 (US) each can be awarded. Ideally the scholarships will go to 1 M.Sc. student and 1 Ph.D. student; however, the Awards Committee will distribute these scholarships as it sees fit. In addition, the scholarship winner(s) will receive a one-year membership with IAGLR, including an electronic subscription to the Journal of Great Lakes Research. The winner will receive the award at the banquet during the annual conference. (msw) | | | |
| 057496 | Share the View Photography Competition | Audubon Society of Greater Denver | 01-Dec-2018 | 1,000 USD |
| Contact Name | | | | |
| Contact Email | info@denveraudubon.org | | | |
| Program URL | http://denveraudubon.contestvenue.com/ | | | |
| Deadline Dates | 01-Dec-2018 , 05-Dec-2018 | | | |
| Synopsis | The Audubon Society of Greater Denver offers a photography contest for images of landscapes, wildlife, and nature from around the world. | | | |
| Eligibility | The contest is open to photographers worldwide that are 18 or older. Entrants may submit unlimited entries when accompanied by the entry fee(s). | | | |
| Funding | Cash prizes will be awarded to the top 10 images in the amounts shown below. The top 250 images will be featured on http://denveraudubon.contestvenue.com . There will be one \$1000 Grand Prize Winner; four \$250 First Prize Winners; and five \$100 Second Prize Winners. The top 250 finalist images will be displayed on the contest website during 2018. One finalist image will be featured on the home page each day and all 250 will be accompanied by the photographer's name, contact information and link to website if desired. (mfr) | | | |
| 042655 | General Scholarship Grants | Garden Writers Association | 05-Dec-2018 | 1,000 USD |
| Contact Name | Ashley Hodak Sullivan, GWA Foundation Executive Director | | | |
| Contact Email | asullivan@kellencompany.org | | | |
| Program URL | https://gwaf.secure-platform.com/a/page/about | | | |
| Deadline Dates | 05-Dec-2018 | | | |

| | | | | |
|-----------------------|--|-------------------------------|--------------------|-------------------|
| Synopsis | GWA Foundation general scholarship grants are provided for college-level juniors or seniors and graduate students enrolled full-time in a full time course of study majoring in Horticulture, Plant Science or Journalism, with an interest in garden communications, including garden photography. | | | |
| Eligibility | It is beneficial for horticulture or plant science majors to have taken courses in journalism and vice-versa, although exceptions will be made. The recipient of the GWA Foundation Kathleen Fisher Memorial Scholarship shall be any full- or part-time post-secondary or graduate student, including technical schools and community colleges, majoring in horticulture, plant science or journalism, with an interest in garden communications. General scholarship recipient(s) shall be a college or university junior, senior or graduate student enrolled in the Spring Term 2018 as a full-time student majoring in horticulture, plant Science or journalism with an interest in garden communication including garden photography. Applicants must submit a minimum of two written compositions or | | | |
| Funding | General scholarships are given annually and vary in number (2-9) and amount (\$500-\$1,000) depending on the earnings of the scholarship endowment. (msw) | | | |
| 057295 | Feline Investigator Grant Award | Winn Feline Foundation | 10-Dec-2018 | 15,000 USD |
| Contact Name | Vicki L. Thayer DVM, DABVP (Feline) | | | |
| Contact Email | grants@winnfelinehealth.org | | | |
| Program URL | http://files.constantcontact.com/402f1c53201/07cef0f5-6697-4119-b3cb-902960d7e191.pdf | | | |
| Deadline Dates | 10-Dec-2018 | | | |
| Synopsis | The Winn Feline Foundation has established the New Feline Investigator Grant Award to provide funding for research and travel expenses to present the study results at a major veterinary conference. | | | |
| Eligibility | Candidates for the award must be in a DVM/PhD program pathway at a college or school of veterinary medicine which currently applies for grants from Winn along with having an interest and working in feline health research. The candidate must be the primary principal investigator on the project. | | | |
| Funding | One grant will be awarded for the maximum amount of \$15,000, with \$13,000 available for research and \$2,000 available for travel expenses to present the study results at a major veterinary conference. (mfr) | | | |
| 077192 | Research Grants Program - Feline Shelter Medicine | Winn Feline Foundation | 10-Dec-2018 | 25,000 USD |
| Contact Name | Vicki L. Thayer DVM, DABVP (Feline) | | | |
| Contact Email | grants@winnfelinehealth.org | | | |
| Program URL | http://files.constantcontact.com/402f1c53201/07cef0f5-6697-4119-b3cb-902960d7e191.pdf | | | |
| Deadline Dates | 10-Dec-2018 | | | |
| Synopsis | The Winn Feline Foundation in collaboration with PetSmart Charities®, is pleased to announce a special emphasis request for proposals in feline shelter medicine. Animal shelters in the United States take in and care for over 3 million cats each year. Some are healthy kittens with a high likelihood of adoption; many are adult or senior cats that are injured or ill, and often stressed, increasing their susceptibility to disease. Illness and behavioral issues reduce the likelihood of adoption and place a significant burden on shelter resources at both the level of population-based care and individual animal care. | | | |

| | | | | |
|-----------------------|--|-------------------------------|--------------------|-------------------|
| Eligibility | Applicants may be faculty veterinarians, post-doctoral fellows (PhDs, either DVM or non-DVM), practicing veterinarians or veterinary students with an interest in feline shelter medicine or population management. Funding will not be provided to individual shelters to enhance adoption, as the intention of this special emphasis RFP is to broadly impact shelter medicine and foster dissemination of best practices to all shelters across the US. | | | |
| Funding | The maximum grant amount is \$25,000 and expectations are to fund at least three separate proposals. Awards will be determined in March 2019. Only proposals that can be completed within a 1-year time frame will be considered. Investigators receiving a grant award are REQUIRED to credit Winn Feline Foundation and PetSmart Charities® in any and all publications arising from this research. Copies of all publications arising from this project should be submitted to the Foundation on or before the time of publication. As stated previously, awarded studies must include a clear communication plan to disseminate findings to academic colleagues (in peer-reviewed publication) and shelters (in a lay-language technical bulletin). Winn Feline Foundation and PetSmart Charities® will collaborate in the distribution of technical bulletins if requested. (mfr) | | | |
| 077190 | Feline Genomics New Investigator Grant Award | Winn Feline Foundation | 10-Dec-2018 | 15,000 USD |
| Contact Name | Vicki L. Thayer DVM, DABVP (Feline) | | | |
| Contact Email | grants@winnfelinehealth.org | | | |
| Program URL | http://files.constantcontact.com/402f1c53201/07cef0f5-6697-4119-b3cb-902960d7e191.pdf | | | |
| Deadline Dates | 10-Dec-2018 | | | |
| Synopsis | Winn Feline Foundation, in collaboration with Wisdom Health, seeks to support the emerging field of feline genomics through the funding of a New Investigator whose research focus will enhance our understanding of feline genomics as it applies to feline health. Competitive applicants will be new investigators focused on feline genomic research with application to domestic cats as a whole, particularly in areas of basic science necessary to move the field forward broadly as it applies to feline health. | | | |
| Eligibility | Candidates for the award must be in a DVM/PhD program pathway at a college or school of veterinary medicine which currently applies for grants from Winn along with having an interest and working in feline health research. The candidates must be the primary principal investigator on the project. | | | |
| Funding | The maximum award amount of the Feline Genomics New Investigator Award will be \$15,000. (mfr) | | | |
| 076320 | Research Grants Program | Winn Feline Foundation | 10-Dec-2018 | 25,000 USD |
| Contact Name | Vicki L. Thayer DVM, DABVP (Feline) | | | |
| Contact Email | grants@winnfelinehealth.org | | | |
| Program URL | http://files.constantcontact.com/402f1c53201/07cef0f5-6697-4119-b3cb-902960d7e191.pdf | | | |
| Deadline Dates | 10-Dec-2018 | | | |
| Synopsis | The Winn Feline Foundation provides grants for scientific studies, encouraging veterinarians and researchers to focus attention on the health needs of cats. | | | |
| Eligibility | Applicants may be faculty veterinarians, post-doctoral fellows, practicing veterinarians or veterinary students. | | | |

| | | | | |
|-----------------------|--|---|--------------------|------------------|
| Funding | The maximum grant amount is \$25,000. Multi-year proposals totaling more than \$25,000 will not be considered. Additional funds may be available for breed-related studies. The Foundation does not fund salaries of investigators, major equipment expenditures, travel, publication or indirect costs. Continuation of grants awarded in 2018 or earlier will be considered. (mfr) | | | |
| 003952 | Ed Hiestand Memorial Veterinary Student Scholarship | National Wildlife Rehabilitators Association | 15-Dec-2018 | 500 USD |
| Contact Name | Dr. Erica A. Miller, DVM | | | |
| Contact Email | Erica@Jfrink.com | | | |
| Program URL | http://www.nrawildlife.org/page/Hiestand_Scholarship | | | |
| Deadline Dates | 15-Dec-2018 , 15-Jan-2019 | | | |
| Synopsis | The National Wildlife Rehabilitators Association provides a scholarship for the best paper on a veterinary aspect of wildlife rehabilitation. | | | |
| Eligibility | Competition is open to all current veterinary students (includes interns and residents). | | | |
| Funding | The winner makes a 20 to 25 minute presentation at the Symposium, and the paper is eligible for publication. The winner receives a \$500 scholarship to defray travel expenses, symposium registration, and banquet ticket. The award is presented at the Symposium. (mfr) | | | |
| 074706 | Catherine H. Beattie Fellowship in Conservation Horticulture | Garden Club of America | 15-Dec-2018 | 4,500 USD |
| Contact Name | | | | |
| Contact Email | cpc@robot.org | | | |
| Program URL | https://www.gcamerica.org/index.cfm/scholarships/details/id/16 | | | |
| Deadline Dates | 15-Dec-2018 | | | |
| Synopsis | The Garden Club of America (GCA) and the Center for Plant Conservation (CPC) annually award a grant to enable a graduate student in biology, horticulture, or a related field to conduct research on rare and endangered flora in the United States. The grant is up to \$4,500. | | | |
| Eligibility | Eligibility is open to U.S. Citizens and permanent residents who are enrolled in a U.S. - based institution. Applicants need to be graduate students in biology, horticulture, or a related field. Preference is given to students whose projects focus on the endangered flora of the Carolinas and southeastern United States. | | | |
| Funding | The fellowship provides one annual research grant of up to \$4,500, regarded as compensation for work at a botanical garden by the student, who jointly serves the program of the Center for Plant Conservation and his/her curricular studies. (cmb) | | | |
| 040582 | Grants Program | Pasadena Audubon Society | 17-Dec-2018 | 3,000 USD |
| Contact Name | | | | |
| Contact Email | grants@pasadenaaudubon.org | | | |
| Program URL | http://www.pasadenaaudubon.org/?q=grants | | | |

| | | | | |
|-----------------------|---|-------------------------------|--------------------|------------------|
| Deadline Dates | 17-Dec-2018 | | | |
| Synopsis | Pasadena Audubon Society (PAS) is a non-profit corporation whose mission is "to bring the excitement of birds to our community through birding, education and conservation of bird habitat." To help accomplish this goal PAS awards grants and scholarships, and makes donations to other organizations, groups and individuals. | | | |
| Eligibility | | | | |
| Funding | Up to \$12,000 is available to support grants including both scientific research and community-based projects. (Unless prior permission is sought the maximum grant cannot exceed \$3,000). (mfr) | | | |
| 067079 | The Garden Club of America Fellowship in Ecological Restoration | Garden Club of America | 31-Dec-2018 | 8,000 USD |
| Contact Name | Mr. Brad Herrick Ecologist/Research Program Manager | | | |
| Contact Email | bradley.herrick@wisc.edu | | | |
| Program URL | http://www.gcamerica.org/index.cfm/scholarships/details/id/13 | | | |
| Deadline Dates | 31-Dec-2018 | | | |
| Synopsis | The GCA Fellowship in Ecological Restoration was established to support specialized graduate study and research in ecological restoration, the "active healing of the land". The goal of this fellowship is to support research that will advance knowledge and increase the numbers of scientists in this important field. | | | |
| Eligibility | The fellowship is open to graduate students. Eligibility is open to U.S. Citizens and permanent residents who are enrolled in a U.S. based institution. | | | |
| Funding | The sponsor provides an annual grant of \$8,000 for study and research at a leading accredited university in the United States. (mfr) | | | |
| 067050 | Garden Club of America Award in Desert Studies | Garden Club of America | 15-Jan-2019 | 4,000 USD |
| Contact Name | Mr. Kenny Zelov; Assistant Director of Horticulture | | | |
| Contact Email | kzelov@dbg.org | | | |
| Program URL | https://www.gcamerica.org/index.cfm/scholarships/details/id/12 | | | |
| Deadline Dates | 15-Jan-2019 | | | |
| Synopsis | The Garden Club of America Award in Desert Studies was established to promote the study of horticulture, conservation and design in arid landscapes. The award, which can be in the form of either an internship or funding for a research related topic, is for advanced undergraduate and graduate students studying horticulture, conservation, botany, environmental science and landscape design relating to the arid landscape. | | | |
| Eligibility | Eligibility is open to graduate or junior or senior undergraduate students. Eligibility is open to U.S. citizens and permanent residents who are enrolled in a U.S. Based institution. | | | |

| | | | | |
|-----------------------|---|---------------------------------------|--------------------|-------------------|
| Funding | The program will fund one or more scholars for one year at \$4,000. (des) | | | |
| 022297 | Processing Division Student Award | American Oil Chemists' Society | 15-Jan-2019 | 1,000 USD |
| Contact Name | | | | |
| Contact Email | awards@aocs.org | | | |
| Program URL | https://www.aocs.org/network-and-connect/awards-x1888#processing-division | | | |
| Deadline Dates | 15-Jan-2019 | | | |
| Synopsis | The sponsor offers the Processing Division Student Award to recognize outstanding graduate student research in oilseed handling preparation and extraction, refining and processing, oil products and packaging, feed ingredients, by-product utilization, safety and health, and environmental concerns. | | | |
| Eligibility | Graduate students presenting within the Processing Division technical program at the AOCS Annual Meeting are eligible. | | | |
| Funding | The award consists of a certificate and a \$1,000 honorarium. (rjh) | | | |
| 091512 | Harold Van Dyke Memorial Bursary | Canadian Tree Fund | 15-Jan-2019 | 384 USD |
| Contact Name | John Wilson | | | |
| Contact Email | info@canadiantreefund.org | | | |
| Program URL | http://canadiantreefund.orchardpeople.com/wp-content/uploads/2018/08/VanDyke_Application.pdf | | | |
| Deadline Dates | 15-Jan-2019 | | | |
| Synopsis | The Canadian Tree Fund provides funding to provide financial assistance to a student(s) pursuing a career in arboriculture and to promote a greater awareness of arboriculture. | | | |
| Eligibility | Any individual pursuing a career in arboriculture/forestry/horticulture is an eligible recipient. The individual must be enrolled or enrolling in a college or university program related to arboriculture/forestry/horticulture. | | | |
| Funding | Bursaries up to \$500 will be made. (mfr) | | | |
| 078230 | Congressional Science Fellowship Program | American Society of Agronomy | 15-Jan-2019 | 73,500 USD |
| Contact Name | | | | |

| Deadline Dates | 15-Jan-2019 | | | |

| | | | | |
|-----------------------|--|---------------------------------------|--------------------|----------------------|
| Synopsis | The ASA, CSSA, and SSSA Congressional Science Fellowship Program is unique opportunity for Society members with an interest in working at the intersection of science and government. For almost 30 years, ASA, CSSA and SSSA have selected a Ph.D. member to spend one year in Washington D.C. applying his/her professional and scientific expertise as a special assistant on the staff of a member of Congress or Congressional committee. | | | |
| Eligibility | Applicants are required to have a Ph.D. at the time they start the Fellowship. Applicants may apply for the Fellowship while finishing their doctoral program, but must have completed their degree prior to beginning the Fellowship. The program is aimed at highly qualified and interested individuals at any stage in their career. Mid- to late-career scientists are also encouraged to apply. Applicants must have exceptional competence in some area of the agronomic, crop, soil, or related fields of science and education. Applicants must be cognizant of a broad range of matters outside the Fellow's particular area, and have a strong interest in working on a range of public policy issues. Applicants are required to be ASA, CSSA, or SSSA members. Applicants must hold U.S. citizenship (dual citizenship from the United States and another country is acceptable). | | | |
| Funding | The Fellowship carries an annual stipend of \$72,000 plus relocation expenses, up to \$1,500. The 2020 Fellowship begins in September 2019 and concludes in August 2020. (msw) | | | |
| 067076 | Garden Club of America Awards in Tropical Botany | Garden Club of America | 15-Jan-2019 | 5,500 USD |
| Contact Name | Andrea Santy; Director, Education for Nature Program | | | |
| Contact Email | andrea.santy@wwfus.org | | | |
| Program URL | https://www.gcamerica.org/scholarships/details/id/30 | | | |
| Deadline Dates | 15-Jan-2019 | | | |
| Synopsis | The Garden Club of America Awards in Tropical Botany was established to promote the preservation of tropical forests by enlarging the body of botanists with field experience. | | | |
| Eligibility | The award is open to students who anticipate completing the requirements for a PhD in Botany within two years. Applicants must already be PhD candidates enrolled at a US university. Eligibility is open to U.S. citizens and permanent residents who are enrolled in a U.S. based institution. | | | |
| Funding | The GCA will provide two or more grants of \$5,500 annually to enable field study in botany. Generally, one grant is awarded in the area of tropical plant systematics and a second is awarded in tropical forest ecology. (des) | | | |
| 022277 | Biotechnology Division Student Award | American Oil Chemists' Society | 15-Jan-2019 | Not Specified |
| Contact Name | | | | |
| Contact Email | awards@aocs.org | | | |
| Program URL | https://www.aocs.org/network-and-connect/awards-x1888#biotechnology-division-student | | | |
| Deadline Dates | 15-Jan-2019 , 22-Jan-2019 | | | |
| Synopsis | The Biotechnology Division Student Award is awarded to a student presenting an outstanding paper in the field of biotechnology at the AOCS Annual Meeting. | | | |
| Eligibility | Eligible applicants are students presenting in the Biotechnology Division technical program at the AOCS Annual Meeting. | | | |

| | | | | |
|-----------------------|--|--|--------------------|------------------|
| Funding | The award consists of a certificate for recipient(s) and honorariums of \$300 (1st place), \$200 (2nd place), and \$100 (3rd place). (rjh) | | | |
| 008047 | Garden Club of America (GCA) Awards in Tropical Botany | Garden Club of America | 15-Jan-2019 | 5,500 USD |
| Contact Name | Andrea Santy, Director | | | |
| Contact Email | andrea.santy@wwfus.org | | | |
| Program URL | http://www.gcamerica.org/index.cfm/scholarships/details/id/30 | | | |
| Deadline Dates | 15-Jan-2019 | | | |
| Synopsis | The GCA Awards in Tropical Botany promote the preservation of tropical forests by enlarging the body of botanists with field experience. | | | |
| Eligibility | The awards are open to students who anticipate completing the requirements for a Ph.D. in Botany within two years. Applicants must already be Ph.D. candidates enrolled at a US university. Eligibility is open to U.S. Citizens and permanent residents who are enrolled in a U.S. - based institution. | | | |
| Funding | Two or more one-time grants of \$5,500 are awarded annually. (msw) | | | |
| 072240 | Student & Postdoctoral Research Awards | American Ornithological Society | 25-Jan-2019 | 2,500 USD |
| Contact Name | | | | |
| Contact Email | info@americanornithology.org | | | |
| Program URL | http://www.americanornithology.org/sites/default/files/files/imce-img/AOS_Research_Awards_Application_Format_Guidelines.pdf | | | |
| Deadline Dates | 25-Jan-2019 | | | |
| Synopsis | The AOU provides research awards up to a maximum of \$2,500 to support studies in various areas of avian biology by students and postdoctoral researchers who are members of the AOU. | | | |
| Eligibility | To be eligible to compete, applicants must be a student member of the AOS (undergraduate, masters, doctoral students, postdoctoral researchers, and researchers without access to funds from major granting agencies). The applicant is the individual conducting the specific research project and responsible for data analysis. Applicants must be a full-time or recently graduated undergraduate, masters, or doctoral student, or a current postdoc. | | | |
| Funding | Awards are made annually in amounts up to a maximum of \$2,500. (msw) | | | |
| 085307 | Joseph Grinnell Award | American Ornithological Society | 25-Jan-2019 | 2,500 USD |
| Contact Name | Brian Peer, Committee Chair | | | |

| Program URL | http://www.americanornithology.org/content/aos-research-awards-eligibility-and-guidelines | | | |
| Deadline Dates | 25-Jan-2019 | | | |

| | | | | |
|-----------------------|---|---|--------------------|----------------------|
| Synopsis | The Joseph Grinnell Award supports beginning research efforts of doctoral students in their first or second year of enrollment, in any aspect of avian biology. | | | |
| Eligibility | In order to be eligible, applicants must be doctoral students in their first or second year of enrollment who are student members of the AOS. | | | |
| Funding | One award of \$2,500 will be given. (msw) | | | |
| 071763 | ERDC Broad Agency Announcement | U.S. Army Corps of Engineers/Department of Defense | 31-Jan-2019 | Not Specified |
| Contact Name | Frank Spears | | | |
| Contact Email | Frank.Spears@usace.army.mil | | | |
| Program URL | | | | |
| Deadline Dates | 31-Jan-2019 | | | |
| Synopsis | The U.S. Army Engineer Research and Development Center (ERDC) has issued a Broad Agency Announcement (BAA) for various research and development topic areas. The ERDC consists of the Coastal and Hydraulics Lab (CHL), the Geotechnical and Structures Lab (GSL), the Reachback Operations Center (UROC), the Environmental Lab (EL) and the Information Technology Lab (ITL) in Vicksburg, Mississippi, the Cold Regions Research and Engineering Lab (CRREL) in Hanover, New Hampshire, the Construction Engineering Research Lab (CERL) in Champaign, Illinois, and the Geospatial Research Laboratory (GRL) in Alexandria, Virginia. The ERDC is responsible for conducting research in the broad fields of hydraulics, dredging, coastal engineering, instrumentation, oceanography, remote sensing, geotechnical engineering, earthquake engineering, soil effects, vehicle mobility, self-contained munitions, military engineering, geophysics, pavements, protective structures, aquatic plants, water quality, dredged material, treatment of hazardous waste, wetlands, physical/mechanical/chemical properties of snow and other frozen precipitation, infrastructure and environmental issues for installations, computer science, telecommunications management, energy, facilities maintenance, materials and structures, engineering processes, environmental processes, land and heritage conservation, and ecological processes. | | | |
| Eligibility | Proposals from U. S. Government facilities and organizations will not be considered under this program announcement. Proposals are encouraged from Historically Black Colleges and Universities or Minority Institutions (HBCUs/MIs) for students to provide research support to any of the research and development areas listed in this BAA. HBCU/MIs interested in submitting a proposal must address the specific areas of research under which they are submitting. They must also clearly state within their proposal their capability to perform the contract and include a positive statement of their eligibility as an HBCU or MI. | | | |
| Funding | Not specified | | | |
| 067746 | Student Grant Program | Whitebark Pine Ecosystem Foundation | 01-Feb-2019 | 1,000 USD |
| Contact Name | Cyndi Smith, Interim Director & Chair of Evaluations Committee | | | |
| Contact Email | julee.shamhart@whitebarkfound.org | | | |
| Program URL | http://whitebarkfound.org/student-research-grants/ | | | |
| Deadline Dates | 01-Feb-2019 | | | |

| | | | | |
|-----------------------|--|---|------------------------------|----------------------|
| Synopsis | The Whitebark Pine Ecosystem Foundations annually offers a research grant of \$1000 to an undergraduate who is writing an undergraduate thesis or graduate student (MS or PhD) conducting research on whitebark pine. | | | |
| Eligibility | Undergraduates who are writing an undergraduate thesis or graduate students (MS or PhD) conducting research on whitebark pine are eligible. | | | |
| Funding | The Whitebark Pine Ecosystem Foundation awards a \$1000 grant. Monies will only be awarded for travel expenses for field work, or consumable research supplies. Grants shall not be used to buy equipment that will be used beyond the duration of the project (and thus would be retained by the lab in which the student works). (cas) | | | |
| 072045 | RFP -- Annual Broad Agency Announcement (BAA) - FY18 Environmental Initiatives for Naval Facilities Engineering and Expeditionary Warfare Center (NAVFAC EXWC) | Department of the Navy | 11-Feb-2019 | Not Specified |

| Program URL | https://www.fbo.gov/notices/e1616a9b15148c76b4fc985f991e9499 | | | |
| Deadline Dates | 11-Feb-2019 | | | |
| Synopsis | A -- ANNUAL BROAD AGENCY ANNOUNCEMENT (BAA) - FY18ENVIRONMENTAL INITIATIVES FOR NAVAL FACILITIES ENGINEERING AND EXPEDITIONARY WARFARE CENTER (NAVFAC EXWC) SOL N3943018S2034 DUE 021119 Kyle Lawrence (805) 982-2043This announcement constitutes a Broad Agency Announcement (BAA) for the Naval Facilities Engineering and Expeditionary Warfare Center (NEXWC) under Federal Acquisition Regulation (FAR) 6.102(d)(2) and 35.106. A formal Request for Proposals(RFP), other solicitation, or additional information regarding this announcement will not be issued. This announcement is open for one year from the date of publication. Proposals may be submitted at any time during this period. This announcement replaces N39430-17-R-7201 | | | |
| Eligibility | | | | |
| Funding | | | | |
| 012597 | Training Opportunities - New Scientists and Trainees - Graduate Students | AVRDC - The World Vegetable Center | Continuous Submission | Not Specified |
| Contact Name | Aileen Kuo, Training Coordinator | | | |
| Contact Email | aileen.kuo@worldveg.org | | | |
| Program URL | http://avrdc.org/join-us/research-and-training-opportunities/ | | | |
| Deadline Dates | | | | |
| Synopsis | AVRDC - The World Vegetable Center provides opportunities for graduate students to do their thesis work at the Center making its facilities and expertise available to scholars interested in tropical vegetable research. | | | |

| | | | | |
|-----------------------|---|---|------------------------------|----------------------|
| Eligibility | Those seeking to do their thesis work at the Center must be proficient in English and be currently enrolled at a university, and have completed their coursework. A candidate must be endorsed by their employer and/or university adviser. The AVRDC scientist who agrees to guide the student's research must be accepted by the university as a member of the student's thesis advisory committee. | | | |
| Funding | Provided funds are available, and all parties agree, the thesis research can be conducted at the Center's headquarters or regional centers. (jap) | | | |
| 012605 | Training Opportunities - New Scientists and Trainees - Research Interns | AVRDC - The World Vegetable Center | Continuous Submission | Not Specified |
| Contact Name | | | | |
| Contact Email | training@worldveg.org | | | |
| Program URL | https://avrdc.org/join-us/research-and-training-opportunities/ | | | |
| Deadline Dates | | | | |
| Synopsis | AVRDC - The World Vegetable Center offers full-time internships for researchers to conduct research under the supervision of a Center scientist on topics of mutual interest to the Center, the trainee, and the trainee's employer. These internships usually last for a period of 3 months, but can be extended to 6 months. | | | |
| Eligibility | Research Interns are full-time researchers who have a university diploma plus several years of experience. (jap) | | | |
| Funding | | | | |
| 005850 | Aviculture Internship | International Crane Foundation | Continuous Submission | 3,402 USD |
| Contact Name | Attn: CCD Aviculture Internship | | | |
| Contact Email | ICFinternships@savingcranes.org | | | |
| Program URL | https://www.savingcranes.org/aviculture-internship/#more-13549 | | | |
| Deadline Dates | | | | |
| Synopsis | The International Crane Foundation (ICF) is seeking to fill four Aviculture Internship positions for spring 2018. ICF exhibits the only collection in the world of all 15 species of crane. The Crane Conservation Department is responsible for the care and management of approximately 120 birds year-round. CCD Aviculture interns assist the full-time staff in the day to day management of the collection. | | | |
| Eligibility | Eligible applicants must have two years of college or equivalent practical experience; knowledge of avian biology and interest in animal husbandry/zoo keeping; ability to work both independently and in a team environment; strong oral and written communication skills. This position is physically demanding at times. Applicants must be able to carry 50 pounds and be able to lift, bend or stoop for extended lengths of time. | | | |

| | | | | |
|-----------------------|---|---|------------------------------|----------------------|
| Funding | The Aviculture Internship positions are six months in length. A taxable \$567/month stipend and comfortable on-site housing accommodations are provided at no charge. Applicants should be prepared to live in a co-ed communal living situation and be able to work outdoors every day in all weather conditions found in Wisconsin. | | | |
| 003889 | Unsolicited Proposals | Ducks Unlimited Canada | Continuous Submission | Not Specified |
| Contact Name | Stuart Slattery | | | |
| Contact Email | iwwr@ducks.ca | | | |
| Program URL | http://iwwr.ducks.ca/fellowships/project-proposals/ | | | |
| Deadline Dates | | | | |
| Synopsis | The Institute for Wetland and Waterfowl Research (IWWR), through Ducks Unlimited Canada, partners with researchers from North American universities and other institutions by accepting unsolicited research proposals. This collaboration is key to advancing wetland conservation across the continent. | | | |
| 089375 | Public Horticulture Internship | Morton Arboretum | Continuous Submission | Not Specified |
| Contact Name | | | | |
| Contact Email | jobs@mortonarb.org | | | |
| Program URL | https://careers.hireology.com/themortonarboretum/97316/description | | | |
| Deadline Dates | | | | |
| Synopsis | The Morton Arboretum, located in Lisle, Illinois, a suburb of Chicago, is offering two, three-month internships in Public Horticulture from approximately May 21, 2018, to August 17, 2018. | | | |
| Eligibility | Applicants must demonstrate an interest in pursuing a career in public horticulture. Qualifications for candidates include gardening or plant maintenance experience and enrollment in or completion of a B.S. or M.S. degree program in the Life Sciences area (Biology, Botany, Environmental Science, Forestry, Horticulture, or Ecology). The Arboretum regrets it is unable to accept international students at this time. | | | |
| Funding | The intern stipend is \$750.00 bi-weekly. Applicants must have their own transportation. Housing assistance may be available. The Arboretum's extensive library and education classes are also available to interns. Interns are expected to join in the activities of the Arboretum, including special events and visitor programs, in order to experience the full spectrum of the workings of a public garden. (tld) | | | |
| 012604 | Training Opportunities - New Scientists and Trainees - Research Fellowship | AVRDC - The World Vegetable Center | Continuous Submission | Not Specified |
| Contact Name | Aileen Kuo, Training Coordinator | | | |
| Contact Email | aileen.kuo@worldveg.org | | | |
| Program URL | https://avrdc.org/join-us/research-and-training-opportunities/ | | | |
| Deadline Dates | | | | |

| | | | | |
|-----------------------|---|---|------------------------------|----------------------|
| Synopsis | AVRDC - The World Vegetable Center provides a for full-time apprenticeship program for employees of national agricultural research systems. Research is conducted under the supervision of a Center scientist. | | | |
| Eligibility | Applicants must have a Masters or Bachelors degree as well as several years of experience. | | | |
| Funding | Fellowships are usually for one year with a possible extension for another year. Preference is given to self-funded candidates from developing countries or those who can be funded through existing Center projects. (jap) | | | |
| 077282 | Collections in Support of Biological Research (CSBR) | Directorate for Biological Sciences/NSF | Continuous Submission | Not Specified |
| Contact Name | Reed S. Beaman | | | |
| Contact Email | rsbeaman@nsf.gov | | | |
| Program URL | https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505541 | | | |
| Deadline Dates | | | | |
| Synopsis | Collections in Support of Biological Research (CSBR) provides for enhancements that secure and improve existing research collections, improve the accessibility of collection-related data, develop capacity for curation and collection management, and to transfer ownership of collections that are significant to the NSF BIO-funded research community. Requests should demonstrate a clear and urgent need to secure or improve the collection, and the proposed activities should address that need. Types of biological collections that are supported include established living stock/culture collections, established natural history voucher collections, and jointly-curated ancillary collections such as preserved tissues and libraries of genetic and genomic materials. | | | |
| Eligibility | | | | |

| 069214 | Next Generation Sequencing Fellowship | Centers for Disease Control and Prevention/DHHS | Continuous Submission | Not Specified |
| Contact Name | | | | |
| Contact Email | CDCrpp@orau.org | | | |
| Program URL | https://www.zintellect.com/Posting/Details/3527 | | | |
| Deadline Dates | | | | |
| Synopsis | A fellowship opportunity is available in the Division of Viral Diseases (DVD) at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia. | | | |
| Eligibility | Eligible applicants are currently pursuing a Bachelor's degree or Master's degree or have received one of these degrees within 60 months in virology, microbiology, molecular biology, genetics, or related discipline. Laboratory experience in molecular biology, next generation sequencing and sequence analysis is preferred. | | | |
| Funding | The initial appointment is for one year, but may be renewed upon recommendation of CDC contingent on the availability of funds. The participant will receive a monthly stipend commensurate with educational level and experience. Proof of health insurance is required for participation in this program. The appointment is full-time at CDC in the Atlanta, Georgia, area. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. (tld) | | | |
| 021934 | Expedition Award | African Bird Club | Continuous Submission | 3,970 USD |
| Contact Name | | | | |
| Contact Email | conservation_fund@africanbirdclub.org | | | |
| Program URL | http://www.africanbirdclub.org/conservation-fund-applications | | | |
| Deadline Dates | | | | |
| Synopsis | The African Bird Club (ABC) gives out a small number of Expedition Awards each year for large ambitious projects. These usually involve the proponent travelling to a foreign country to undertake the project. Funding for these projects is often obtained from a number of sources. | | | |
| Eligibility | The expedition must be associated with a bona fide academic institution, conservation NGO or recognised natural history or bird club. If the expedition originates from outside Africa, it must include substantial local participation from local NGOs (eg BirdLife International partners), bird clubs, academic institutions or relevant government departments. Salaries of local counterparts can be supported. The expedition must be able to demonstrate prior approval from the government of the host country. | | | |
| Funding | The maximum grant is £3,000. (cmb) | | | |
| 052408 | Community and Charity Grant | Institution of Mechanical Engineers | Continuous Submission | 662 USD |
| Contact Name | | | | |
| Contact Email | charitygrants@imeche.org | | | |
| Program URL | http://www.imeche.org/careers-education/scholarships-and-awards | | | |

| | | | | |
|-----------------------|---|--|------------------------------|----------------------|
| Deadline Dates | | | | |
| Synopsis | The Young Members Board (YMB) Charity Grant supports young engineers from the Institution of Mechanical Engineers (IMEchE) pursuing charitable causes that are engineering related. | | | |
| Eligibility | It is required is that the applicant is a member of the Institution. Professional registration is not required. The fund is open to all young members. The Institution considers a young member to be any Affiliate, Associate or Member who has become professionally registered within the last ten years. | | | |
| Funding | The grant amount is £500. (mfr) | | | |
| 040520 | TREE Student Travel Grants | Association for Fire Ecology (AFE) | Continuous Submission | 1,500 USD |
| Contact Name | Catia Juliana, AFE Co-Director | | | |
| Contact Email | office@fireecology.org | | | |
| Program URL | http://fireecology.org/tree-student-travel-grants/ | | | |
| Deadline Dates | | | | |
| Synopsis | The TREE Grant Program by the Association for Fire Ecology (AFE) and the Joint Fire Sciences Program (JFSP) is designed to help students travel to attend conferences, symposia, workshops, and laboratories dealing with wildland fire science and management. | | | |
| Eligibility | All registered graduate and undergraduate students in good academic standing in a field related to wildland fire science, ecology, or management will be eligible to apply for grants. | | | |
| Funding | Depending on costs and number of applicants, grants may fund all or a portion of estimated travel expenses including transportation, lodging, registration fees, and incidental expenses, where applicable. Funds cannot be used for student stipends, direct research costs, or faculty research/administration costs. Grants are limited and competitively awarded, with special preference for students planning to make an oral or poster presentation at a fire conference. Grants range from \$250-\$1,500. (mfr) | | | |
| 046654 | WPSA Travel Grant for Young WPSA Members and Students | World's Poultry Science Association | Continuous Submission | Not Specified |
| Contact Name | Dr R.W.A.W. Mulder | | | |
| Contact Email | wpsa@xs4all.nl | | | |
| Program URL | http://www.wpsa.com/index.php/programmes/members/travel-grant-for-young-members-and-students | | | |
| Deadline Dates | | | | |
| Synopsis | The Association has funds set aside for a limited number of travel grants. These are to provide international travel assistance for YOUNG WPSA members (both scientists and poultry producers) from developing countries and STUDENTS from developed countries to attend and participate in regional and global WPSA conferences. | | | |

| | | | | |
|-----------------------|---|---|------------------------------|----------------------|
| Eligibility | Maximum age of the applicant is 40 years at the time of application. Applicants must have been a member of WPSA for at least 6 months at the time of application. No member may receive more than two Travel Grants. | | | |
| Funding | Successful applicants will receive the funds electronically AFTER the meeting on receipt of a copy of the airline ticket. (mfr) | | | |
| 046655 | WPSA Travel Grant Programme for Older Scientists (>40 y) from Developing Countries | World's Poultry Science Association | Continuous Submission | Not Specified |
| Contact Name | Dr R.W.A.W. Mulder | | | |
| Contact Email | wpsa@xs4all.nl | | | |
| Program URL | http://www.wpsa.com/index.php/programmes/members/wpsa-travel-grants-for-older-members | | | |
| Deadline Dates | | | | |
| Synopsis | The Association has funds set aside for a travel grant programme to assist older (>40 years) WPSA members from developing countries to attend and present a paper (oral or poster) at international meetings. | | | |
| Eligibility | Only WPSA members can apply. Applicants must have submitted an abstract or full scientific paper to the meeting in question. The paper need not have been accepted for oral or poster presentation at the time of application to WPSA. A copy of the abstract must be submitted to WPSA with this application for funding. A copy of the full application (including the abstract) must also be sent to the applicant's local WPSA branch. The minimum age for the applicant is 41 years at the time of application. Applicants must have been a member of a developing country WPSA branch for at least 2 years at the time of application. Successful applicants will deliver a one-page report on the meeting and the benefits derived by the applicant from attendance. Successful applicants MUST have a bank account in a country to which the United States and/or The Netherlands can legally wire money. | | | |
| Funding | The programme is designed to provide some financial assistance, NOT to cover the entire costs of the travel to and attendance at the meeting in question. As a not-for-profit organisation, WPSA has limited funds to allocate towards the programme, which means that the number of grants and the size of the individual grants, will not be great. Successful applicants are encouraged to use the grant as leverage in application for additional funding from the applicant's institution or other bodies. (mfr) | | | |
| 069202 | Molecular Biology Post-Bachelors Fellowship | National Center for Emerging and Zoonotic Infectious Diseases/CDC/DHHS | Continuous Submission | Not Specified |
| Contact Email | CDCrpp@orau.org | | | |
| Program URL | https://www.zintellect.com/Posting/Details/3487 | | | |
| Synopsis | A fellowship opportunity is currently available in the Chronic Viral Diseases Branch within the Division of High-Consequence Pathogens and Pathology (DHCPP) of the National Center for Emerging and Zoonotic Infectious Diseases (NCEZID) at the Centers for Disease Control and Prevention (CDC). | | | |

| | | | | |
|-----------------------|---|--|------------------------------|----------------------|
| Eligibility | Eligible applicants are currently pursuing a Bachelor's degree or Master's degree or have received one of these degrees within 60 months in a biological science field, such as biochemistry, biology, biotechnology, genetics, microbiology, molecular biology, or virology. Prior hands-on experience in a biological laboratory outside of a classroom setting is preferred. | | | |
| Funding | The initial appointment is for one year, but may be renewed upon recommendation of CDC contingent on the availability of funds. The participant will receive a monthly stipend commensurate with educational level and experience. Proof of health insurance is required for participation in this program. The appointment is full-time at CDC in the Atlanta, Georgia, area. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. (tld) | | | |
| 068590 | Postdoctoral Research Opportunity in Microbiology | Oak Ridge Institute for Science and Education | Continuous Submission | Not Specified |
| Contact Name | | | | |
| Contact Email | USDA-ARS@orau.org | | | |
| Program URL | https://orise.orau.gov/usda-ars/current-opportunities/index.html | | | |
| Deadline Dates | | | | |
| Synopsis | A Postdoctoral Research Opportunity in Microbiology is available with the U.S. Department of Agriculture (USDA) Agricultural Research Service (ARS) National Animal Disease Center (NADC) Virus and Prion Research Unit (VPRU) in Ames, IA. | | | |
| Eligibility | <p>To be eligible, applicants must have received a PhD degree with emphasis on the disciplines of immunology, virology, and molecular biology and additional knowledge of research techniques. In depth knowledge of immunology techniques and the use of animal models for respiratory disease are preferred.</p> <p><i>The ideal candidate must be skilled in:</i></p> <p>the performance of immunologic laboratory assays, including those to detect and measure host serologic and lymphocytic responses, anti-viral and inflammatory cytokine and chemokine responses; the use of antibodies in staining techniques (immunohistochemistry, flow cytometry, etc.)molecular biology; the use of animal models in influenza research; technical writing and peer-reviewed publications; public speaking; and good interpersonal skills to work in a team environment.</p> <p><i>Applicants should be currently pursuing or have received a Doctoral degree in one of the following disciplines:</i></p> <p>Life Health and Medical Sciences, Animal Health and Food Safety, Cellular and Molecular Biology, Immunology, Infectious Diseases and Zoonoses, Virology, Communications and Graphics Design, Science Writing</p> | | | |
| Funding | The appointment is full-time for 12 months and may be renewed based upon recommendation of the ARS and availability of funding. The selected applicant will receive a stipend as support for their living and other expenses during this appointment. Stipend rates are determined by ARS officials, and are based on the applicant's academic and professional background. (kww) | | | |

| Synopsis | The AFRI Foundational Program is offered to support grants in the six AFRI priority areas to continue building a foundation of knowledge critical for solving current and future societal challenges. The six priority areas are: Plant Health and Production and Plant Products; Animal Health and Production and Animal Products; Food Safety, Nutrition, and Health; Bioenergy, Natural Resources, and Environment; Agriculture Systems and Technology; and Agriculture Economics and Rural Communities. Single-function Research Projects, multi-function Integrated Projects, and Food and Agricultural Science Enhancement (FASE) Grants are expected to address one of the Program Area Priorities. | | | |
| Eligibility | Eligible applicants for Research Projects (for the commodity board co-funded priorities only) include:1) State Agricultural Experiment Station; 2) colleges and universities (including junior colleges offering associate degrees or higher); 3) university research foundations; 4) other research institutions and organizations; 5) Federal agencies, 6) national laboratories; 7) private organizations or corporations; 8) individuals who are U.S. citizens, nationals, or permanent residents; and 9) any group consisting of 2 or more entities identified in 1) through 8). Eligible institutions do not include foreign and international organizations. | | | |
| Funding | Budgets for Standard and Strengthening Standard Grants must not exceed \$200,000 total per project (including indirect costs) for project periods of up to two years and are not renewable. Source: Grants.gov (05/29/18). (kww) | | | |

| Contact Email | gfrederick@blm.gov | | | |
| Program URL | https://www.grants.gov/web/grants/view-opportunity.html?oppld=294792 | | | |
| Deadline Dates | 05-Sep-2019 | | | |
| Synopsis | The Bureau of Land Management is looking for a partnership to study, monitor, protect, preserve, and conserve wildlife species throughout Oregon and Washington. | | | |
| Eligibility | Eligibility is unrestricted; anyone may apply. | | | |
| Funding | <p>The expected initial funding is \$90,000. The estimated funding over the life of the agreement is \$500,000. The anticipated period of performance is five years maximum. This program has no cost sharing or matching requirements.</p> <p>This financial assistance opportunity is also open to all partners under any Cooperative Ecosystem Studies Unit (CESU) program. CESUs are partnerships that provide research, technical assistance, and education. If a cooperative agreement is awarded to a CESU partner under a formally negotiated Master CESU agreement, indirect costs are limited to a rate of no more than 17.5% of the indirect cost base recognized in the partner's Federal Agency-approved Negotiated Indirect Cost Rate Agreement (NICRA). | 069215 | Next Generation Sequencing Fellowship | National Institute for Occupational Safety & Health/CDC/DHHS | Continuous Submission | Not Specified |
| Contact Email | CDCrpp@orau.org | | | |
| Program URL | https://www.zintellect.com/Posting/Details/3214 | | | |
| Synopsis | A fellowship opportunity is available to support the Education & Information Division, Nanotechnology Research Center, National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC), in Cincinnati, Ohio. | | | |
| Eligibility | Eligible applicants are currently pursuing a Bachelor's degree , Master's degree , or Doctoral degree or have received one of these degrees within 12 months. Applicants must be currently enrolled at an accredited U.S. college or university. Undergraduate (junior or senior) students in science and mathematics fields including computational biology, toxicology, epidemiology, biostatistics, engineering, chemistry, and environmental health. Course work and/or research experience in biology, toxicology, epidemiology, biostatistics, or related fields would be favorable. Data management and data analysis/modeling skills are preferred. Courses and/or experience using data management and statistical computing software such as Excel, R, SAS, and/or Matlab would be useful. | | | |
| Funding | The initial appointment is for 2.5 months with a desired start date of June 5, 2017, and may be renewed upon recommendation of CDC contingent on the availability of funds. The participant will receive a monthly stipend commensurate with educational level and experience. Proof of health insurance is required for participation in this program. The appointment is full-time at CDC in the Cincinnati, Ohio, area. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits.
